Dear Sir or Madam:

The United States Environmental Protection Agency ("EPA") is charged with responding to the release or threatened release of hazardous substances, pollutants, and contaminants into the environment and with enforcement responsibilities under the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended ("CERCLA"), 42 U.S.C. § 9601 et seq.

EPA has documented the release of hazardous substances into the environment at a parcel of property herein referred to as the "Bayonne Barrel & Drum Site" or the "Site," located at 150-154 Raymond Boulevard, Newark, Essex County, New Jersey.

In order to determine the need for a response to a release or threatened release of a hazardous substance, pollutant or contaminant, choose or take a response action, or otherwise enforce the provisions of CERCLA, EPA may, pursuant to Sections 104(e)(1) and 104(e)(2) of CERCLA, require parties to provide information relating to the materials generated, treated, stored or disposed of at or transported to a facility, the nature or extent of a release or threatened release of a hazardous substance, pollutant or contaminant at or from a facility, and the ability of a person to pay for or perform a cleanup.

Pursuant to the statutory provisions cited above, EPA hereby requires that you answer the questions in the attached "Request for Information." If your company has an EPA Identification Number, kindly enclose it in your response. The notarized signature of an officer or other responsible official of the company must appear on the enclosed "Certification of Answers to Request for Information," which must be attached to the response to this information request letter.

490918

The Company's response to this Request for Information should be postmarked or received at EPA within thirty (30) calendar days of the date of this letter, and should be mailed to:

Joseph Cosentino, OSC  
Removal Action Branch

with a copy to:

Marc Seidenberg, Esq.  
Office of Regional Counsel  
U.S. Environmental Protection Agency, Region II  
290 Broadway, 17th Floor  
New York, NY 10007.

Your company's failure to comply in all respects with this Request for Information within the time specified above may subject it to an enforcement action under Section 104(e)(5) of CERCLA. Such an enforcement action may include the assessment of penalties of up to \$25,000 per day for each day of continued noncompliance.

Be advised that the company is under a continuing obligation to supplement its response if information not known or not available to the company as of the date of the submission of its response should later become known or available to the company. If at any time in the future the company obtains or becomes aware of additional information and/or finds that any portion of the submitted information is false, misleading, or misrepresents the truth, you must notify EPA. If any part of the company's response is found to be untrue, the signatory and the company may be subject to criminal prosecution.

This Request for Information is not subject to the approval requirements of the Paperwork Reduction Act of 1980, 44 U.S.C. §§3501-3520.

You may, if you so desire, assert a business confidentiality claim covering all or part of the information requested by this letter. A business confidentiality claim may be asserted by placing on (or attaching to) the information, at the time it is submitted to EPA, a cover sheet, stamped or typed legend, or other suitable form of notice employing language such as "trade secret", "proprietary", or "company confidential". Allegedly confidential portions of otherwise non-confidential documents should be clearly identified by you, and may be submitted separately to facilitate identification and handling by EPA. If you desire confidential treatment of some or all of the information only until a certain date or until the occurrence of a certain event, your notice should so state.

Information covered by a business confidentiality claim will be

disclosed by EPA only in accordance with and by means of procedures set forth in 40 CFR Part 2, Subpart B, and Section 104(e)(7) of CERCLA. If you do not make such a claim when you submit your response to the attached Request for Information, your response may be made available to the public without further notice to you. You should read the above-cited statutory and regulatory provisions carefully before asserting a business confidentiality claim, since certain categories of information are not properly the subject of such a claim.
